

## Ohio River Valley Sees More Floods In Dripping Skies

showers Wednesday Night Over Ohio Valley Area Cause Stricken Communities Additional Worries—More Rain Predicted.

Louisville, Ky., March 23 (AP)—The Ohio river's crest surged in from the westward Mississippi, presaging floods in western Kentucky, Illinois and Missouri this week-end, residents of stricken communities turned anxious eyes toward dripping skies today.

Showers descended on the already overlanded watershed of the Ohio valley last night. The weather bureau forecast more rains for today, but said they probably would be so light as to not cause serious increases in river stages.

The Ohio began receding along the 150 miles of waterfront between Ashland, Ky., and Cincinnati after arriving thousands of families from their homes in the lowlands of West Virginia, Ohio, Kentucky and Indiana. At least twelve deaths had been laid directly or indirectly to the flood.

Refugees hoped to reclaim their residences after a week or two, provided no more heavy rains fall in the meantime. The river was at a standstill at Louisville, another 100 miles downstream from Cincinnati, after driving almost 800 families to higher ground here, but still was rising at Owensboro, where it already was five feet above flood stage, and at Paducah, where it had not yet reached flood levels.

With the Mississippi River already swollen before the Ohio's flood water swept into it, residents of western Kentucky, Illinois and Missouri bottomlands began an exodus similar to that caused by the up-river floods early in the week. The crest was expected at Paducah, on the Ohio, Saturday, and at Hickman, Ky., on the Mississippi, Monday.

Relief agencies all along the river reported the situation well in hand, with thousands of homeless sheltered and fed, children given cod liver oil to build up their resistance, and other precautions taken to prevent spread of disease.

## Reforestation Plan Headed for Approval

Washington, March 23 (AP)—Another step in President Roosevelt's program—that to put 250,000 men to work at reforestation—headed today toward congressional approval.

Speed was the aim. Success was forecast by responsible leaders last night after a two-hour White House conference called to halt objections that might have become serious.

As a result of that meeting, House and Senate labor committees were summoned into joint session today to hear witnesses explain provisions of the employment plan.

Those called were four cabinet members—Secretaries Frances Perkins, of Labor, Dern of War, Ickes of Interior, and Wallace of Agriculture—and Lewis W. Douglas, the new budget director.

Each was asked to elaborate publicly what they told conferees in last night's htp and tuck White House talk.

Douglas also was invited to tell how the \$200,000,000 necessary for the enlistment of 250,000 men in the "conservation camps" could be obtained by diverting funds already appropriated for the next fiscal year.

Some objections to taking money away from public buildings for reforestation work had been heard on Capitol Hill, but Senator Walsh, (D., Mass.), chairman of the Senate Labor committee, forecast without qualification that "the bill will be enacted substantially as recommended next week."

Committee members looked for Representative Connery (D., Mass.), chairman of the House Labor committee, to renew his objection to phases of the bill, particularly those establishing a \$1 a day wage for the reforestation recruits.

He wants a \$50 a month minimum for single and an \$80 a month minimum for married men.

Indications were that the hearings probably would last two days.

Meantime President Roosevelt had on his desk another bill which Senator Norris, independent Nebraska Republican, predicted to newspapermen would become law this session and put 2,000 men to work in 30 days.

That was the Norris bill for operation of the huge wartime power and nitrate plant at Muscle Shoals, Ala. Mr. Roosevelt is keenly interested in this project.

## TWO WORKMEN KILLED IN CRUDE OIL STILL FIRE.

Elmhurst, N. J., March 23 (AP)—Fire which started today in a crude oil still at the Bayway Refinery of the Standard Oil Company, snuffed out the lives of two workmen. Another was badly burned, one was injured, and four more required emergency treatment for slight burns.

The victims: John Hoens, 60 years old, a foreman in the company's employ 35 years.

Thomas Carlson, 52, a still man with the company 21 years.

William J. Masterson, 50, was badly burned, and George Cappel, 24, received a broken arm.

## High School Student Injured In Accident

Rachel MacDaniel, daughter of Mrs. Albert MacDaniel, living near Bearsville, a student at Kingston High School, suffered a fractured left leg and possible internal injuries when she was struck by an automobile driven by Richard Bronson of Zena, Wednesday afternoon.

Having just alighted from the Kingston-Woodstock bus, on her return from school, Miss MacDaniel walked around the rear of the bus and stepped directly into the path of the Bronson car, which was going to Woodstock, according to the story told Deputy Abram Molyneux of the sheriff's office, who went to the scene to make an investigation.

The injured girl was carried into her home, directly across the road, where she was given treatment by Dr. Lambert of Woodstock. Later she was taken in Mower's ambulance to the Kingston Hospital, Dr. Lambert accompanying her and assisting Mrs. Snyder and Schillingbaum in giving further treatment. It was found that the left leg had been fractured just above the knee. The only other injuries, outside of possible internal ones, were some minor abrasions.

## Governor Lehman To Formulate Own Plan For Control Of Beer

Albany, N. Y., March 23 (AP)—Governor Herbert H. Lehman today called for a "new deal" in beer and liquor control legislation for New York, expressing the hope that this state will be able to hold up to the others a model control plan.

Scrapping nearly a dozen bills for beer control now before the legislature, the governor proceeded to draw up one of his own. It is generally believed that his new one will ban the old-fashioned bar, although it may permit beer gardens.

The executive made known that he feels the Empire state can go a long way toward bringing about ratification of the repeal of the 18th Amendment by showing other states that New York can control beer traffic "in a decent way."

Among the measures the Governor tossed into the waste basket as he sat down to write his own was a bill offered by the Conway Commission which he appointed to study model control.

The Conway bill, calling for county boards in addition to a state licensing board, has met stiff opposition among Democrats. They claim it will not keep beer control out of politics. The Dunnigan bill, presented by Senator John J. Dunnigan, majority leader of the Governor's own Democratic party, is opposed by Republicans on the ground that it will lead to a return of old-time saloon conditions. The Dunnigan bill permitted bars.

Mr. Lehman began drawing up a bill just as a hearing opened in the Assembly chamber on beer control and tax bills now before the legislature. He called to conference after the hearing. He said he expected to get some ideas from them.

The Governor also asked former Supreme Court Justice Samuel I. Rosenman, counsel to Governor Roosevelt, to attend the conference.

Triangle Club Hear Talk About Milk

The Kingston Triangle Club enjoyed another fine meeting Tuesday evening at the Y. M. C. A. with a large attendance than usual.

John Schwenk introduced as his guest Robert Hughes, who received a hearty welcome by the members.

The vaudeville stunt was provided by Harold Davis and LeRoy Gill, who regaled the members with a number of extremely amusing stories.

Dr. Julian I. Gifford, chairman of the program committee, introduced as speaker for the evening William Mellett, Jr., who gave a most interesting address on "Milk from the Economic and Health Viewpoint" which was very much enjoyed.

As next week will be the last meeting before the annual election of officers and directors a special program is being arranged. John Schwenk and Ernest LeFever were appointed to provide the vaudeville for the occasion.

## Annual Easter Ball At New Armory

Mrs. W. C. Miller, general chairman of the Benedictine Hospital Ball to be held in the new armory Monday night, has appointed the chairman of the various committees as follows: Tickets, Mrs. Edward B. Loughran; flowers, Mrs. Sam N. Mann; luncheon, Mrs. Frank Shatzel; supper, Mrs. Peter Foster; check room, Mrs. Margaret Welsh; decorating, Mrs. James Higley; entertainment, Mrs. Frank Egan.

Due to economic conditions existing in the city today, all money spent for talent and music will be spent locally. This year with unemployment at its peak, the hospital ball keenly the need for support of its annual ball and the usual large patron list is anticipated.

Our Growing Population.

The following births have been reported to the board of health: Mr. and Mrs. Archie G. Rank of 73 Franklin street, a daughter, Lois Elvira, at Kingston Hospital.

Mr. and Mrs. Alfred C. Becker of 11 Devo street, a son, Frank Edward, at Kingston Hospital.

Mr. and Mrs. Tony Fabbie of 229 Catherine street, a daughter, Suzie Anna, at Kingston Hospital.

## "Barbaric Severity" Against All Traitors Promised By Hitler

Approval of "Public Decapitation" Meets With a Big Cheer—Demands Four Years of Dictatorial Power From the Reichstag.

Berlin, March 23 (AP)—Chancellor Adolf Hitler, shouting above the cheers of his Nazi deputies, demanded four years of dictatorial power from the Reichstag today.

He relegated the issue of the monarchy to the background, lifted the destruction of communism to the fore of his program, reiterated the familiar Nazi thesis of arms equality for all and promised a campaign of "barbaric severity" against all traitors.

Wave after wave of applause and cheers drowned his voice from time to time. The Nazis, who control the House, especially approved his dictum that, once adjourned, the Reichstag would be recalled only from time to time "to be informed by the government of its acts when the assent of the Reichstag is desired."

The first big cheer came when he expressed his approval of "public decapitation" of the men who set fire to the Reichstag building just before the last election. There was tumultuous applause also at his announcement of a campaign of "barbaric severity" against all guilty of treason.

"No gigantic revolution of similar dimensions ever has been carried out with such unvarying discipline and so little bloodshed as our revolution," he cried, and the Nazis cheered again.

He condemned as "an unexampled crime" the 1918 revolution which gave birth to the German republic, now virtually destroyed to make way for the new regime.

The visitors' galleries were packed. Outside in the streets for blocks around the Kroll Opera House, temporary meeting place of the Parliament, soldiers and police were on guard. Everyone who entered the meeting hall was searched for weapons.

Cases Before Judge Russell

Wednesday afternoon Judge Russell dismissed the complaint in the Jalkow-Hittleman false imprisonment action which had occupied the court for several days. The complaint was dismissed on the grounds that the magistrate's court in Brooklyn at the time the criminal case, over which the present action arose, was dismissed, there had been an agreement between counsel at that time in relation to the discharge of the matter. At that time when the final hearing was held both the Hittleman interests and the defendant, Jalkow, was represented by counsel and there was an agreement reached between parties and on that agreement the magistrate dismissed the criminal charge against Jalkow.

The present action was brought by Jalkow to recover \$10,000 on a charge of false arrest.

Following the disposition of the false arrest action, a jury was taken in the action for goods sold and delivered. Edward A. Seymour, etc., brought an action against Hyman Meyerson to recover the amount due on a consignment of concrete blocks, sand and other material which plaintiff sold to defendant. Defendant denied he had received the material. The testimony showed that Meyerson had collected a judgment from plaintiff in 1930 and at that time there had been no counter claim entered for the payment for concrete blocks now involved in the court.

After the evidence was in a judgment for plaintiff in the sum of \$78 was returned by the jury. Daniel Hoffman appeared for plaintiff and LeRoy Lounsbury for defendant.

This morning at the opening of court the following day calendar was made up:

No. 18, on 36, 69, 4 1/2, 86 and 95, 90, 91 and 92 and 93, 94, 96, 82 1/2 and 82 1/2. Inquest in 80 and 81.

No. 124 1/2, 425 and 426 were announced as settled. They were negligence actions brought by DeWitt Clinton Seward and Almeda Seward against Ilene Compton. Wiswall, Walton, Wood & McFar appeared for plaintiffs and Brincker & Elsworth for defendants.

No. 18 is a negligence action brought by Santo Tourist and another, as administrators, against Clifford T. Sanford, et al., an action growing out of an automobile accident last summer near the Lloyd town line, when a car operated by Willis A. Sanford crashed while being driven south. Josephine Tourist, 22, of Port Ewen, and Angelina Arace of this city were fatally injured and Mary Arace was injured. Oscar Zimmerman, companion of Sanford, was seriously injured. The accident happened when a Ford coupe in which the five were riding left the road just south of the Lloyd-Esopus town line and crashed. The accident happened on July 16, while the girls were en route to a dance and had been given a lift by the driver of the car.

Our Growing Population.

The following births have been reported to the board of health: Mr. and Mrs. Archie G. Rank of 73 Franklin street, a daughter, Lois Elvira, at Kingston Hospital.

Mr. and Mrs. Alfred C. Becker of 11 Devo street, a son, Frank Edward, at Kingston Hospital.

Mr. and Mrs. Tony Fabbie of 229 Catherine street, a daughter, Suzie Anna, at Kingston Hospital.

Compensation Hearings

Referee Frederick A. Hoyt will hold hearings at the court house Tuesday, March 24, at 2 a. m., in compensation cases.

## Medicinal Liquor Bill Approved by House Committee

Washington, March 23 (AP)—The Celler bill to liberalize the prescription of liquor by physicians was approved by the House judiciary committee today by 10 to 5.

The measure was identical with that passed by the House last session except that it did not contain the amendment added on the House floor to authorize the prescription of malt liquors.

That bill died in the Senate. The present bill would apply only to spirituous and vinous liquors.

The committee authorized Chairman Sumners to ask the rules committee to give the bill a privileged status.

It would place into the hands of prescribing physicians the determination of how much liquor should be given their patients.

This provision would read: "No more liquor shall be prescribed to any person than is necessary to supply his medicinal needs and no prescription shall be filled more than once."

Physicians also would be relieved of the necessity of keeping records of their liquor prescriptions and reporting to the government.

## Hines Mentioned As Railway Control Head

New York, March 23 (AP)—Walker D. Hines, director general of railroads during the wartime federal control period, is the man most prominently mentioned in usually well-informed Wall Street quarters this week for probable elevation to a key position in the administration's forthcoming transportation program.

Hines, a former director of the Santa Fe and at present a practicing attorney in New York, has been a student of the railroad problem all his life. He is known as an ardent advocate of the theory of consolidation but has freely admitted, in the past, that there are many grave difficulties to be ironed out before any substantial progress can be made in that direction.

It is no secret that the Hines philosophy of railway regulation, and particularly his views on consolidation—would fit into the Roosevelt platform. It is understood that Hines has offered his views on the current situation to President Roosevelt's advisers, and it is assumed that any proposed legislative measures might give consideration to his theories.

The report persists in rail quarters that the administration will propose a sort of board of control for the steam carriers, with Hines perhaps at the head. It is understood that broad dictatorial powers would be sought for this control group, and that its scope of activity would transcend the present power of the Interstate Commerce Commission.

Increased attention is being focused upon the findings of the non-partisan national transportation committee, which was headed by the late Calvin Coolidge. Sponsored by the large insurance companies and investment banking institutions, the conclusions of this committee have obviously formed the basis of much of the discussions of the administration leaders.

## Lion Tamer Wins Judgment of \$122

But the Judgment Is Against Circus Promoter Knight and Not Against Jacob Port, Treasurer of Firemen's Committee—Charge of \$200 For Jungle Weddings Dismissed.

Jacob Port as treasurer of the local firemen's circus committee does not have to reimburse William Schulz, lion tamer of the indoor circus, for the money spent in transporting the animals to New Jersey when the circus closed here. After a lively trial in city court before Judge Culliton which opened Wednesday morning and was finally closed early this afternoon, the court directed that the complaint against Mr. Port be dismissed and awarded Mr. Schulz a judgment of \$122.50 against Herbert M. Knight, circus promoter, to pay the cost of transporting the animals out of town.

As to the sum of \$200 that the lion tamer sought to obtain for the services of himself and lions during the jungle marriages held in the lions' cage at the circus, that was held not to be a proper charge by the court who dismissed that part of the suit against both defendants.

The action had been brought by Mr. Schulz to recover the sum of \$125 and was suing Mr. Port as treasurer of the firemen's committee and Herbert M. Knight who promoted the circus. \$125 of the amount sought was to pay transportation charges and the remaining \$200 was extra compensation for holding the two marriage ceremonies in the cage of lions.

Former Mayor Palmer Canfield appeared for Mr. Port; Attorney William A. Kaercher for Mr. Knight, and Attorney Francis T. Murray for Mr. Schulz.

Washington, March 23 (AP)—Treasury receipts for March 21 were \$14,616,955.51; expenditures, \$20,674,933.11; balance, \$448,684,327.55. Customs duties for 21 days of March were \$10,749,248.49.

## Farm Relief Bill Faces Revision and Delay In The Senate

Washington, March 23 (AP)—The administration farm relief bill today faced drastic revision and delay in the senate, but Democratic leaders expressed confidence it would be passed finally in a form acceptable to President Roosevelt.

By a vote of 315 to 98, the bill, aimed at restoring the pre-war purchasing power of agriculture, was passed by the house yesterday and sent to the senate where it will be taken up by the agriculture committee Friday.

Hundreds of amendments have been drawn by senators who seek to revise the measure's provisions for investing unprecedented powers in the secretary of agriculture for controlling crop surpluses.

In addition, Senator McNary of Oregon, Republican leader, said he would ask for hearings, a move which would delay the speed with which the emergency measure has been rushing through the legislative mills.

The bill would apply to wheat, cotton, tobacco, corn, rice, hops, cattle, sheep, milk and its products. The secretary of agriculture would attempt to balance production and consumption by agreements with farmers to reduce their output in return for direct payments or rentals from lands taken out of production.

The payments would come from processing taxes levied on the commodities. Another part of the plan would give cotton planters the privilege of participating in a pool of government-owned cotton.

Among those demanding revision was chairman Smith of the senate agriculture committee who planned to offer a substitute today. McNary said he would propose that the pending measure be limited to wheat and cotton unless Smith brings in something entirely different.

## 32 Plates Carry Man To His Arrest In City

Rensselaer Man Had Money Order Postal Stub Pasted on Windshield to Show He Had Mailed Money for 1933 Plates to Motor Bureau—Other Cases Here.

Hector MacDonald of Rensselaer decided to drive his Chevrolet coupe from Nevada to his home, and as he only had 1932 license plates on his car he mailed his application for the 1933 plates to the motor bureau in Albany and enclosed a postal money order to cover the cost of the license. The stub from the money order he pasted on the windshield of his car and began his journey. He had been informed in Nevada that if he pasted the stub on the windshield he would have no difficulty in driving his car home with the old plates. MacDonald had covered 3,500 miles on the 1932 plates when arrested here.

In driving through Kingston on his way to Albany on Wednesday afternoon he was arrested by Officer Fallon for operating his car with the old plates. At the city hall he told his story and stated he had been stopped several times on his way from Nevada, but when he explained the situation he had been released.

His story was investigated by the police and this morning word was received from the motor bureau in Albany that his story was correct and that they held the plates there for him.

In police court Judge Culliton imposed a fine of \$2.

James B. Roberts of 46 St. James street, was arrested Wednesday afternoon for parking his car in the fire zone on Fair street. He was fined \$2.

Antonio Guerterra of Killingly, Conn., arrested for a similar offense, was fined \$5.

Joseph Steinhilber, who said he resided on Flatbush avenue extension, was arrested Wednesday on a charge of public intoxication. He was recently jailed for a similar offense. This morning Judge Culliton sentenced him to 10 days in jail.

Edward Daley of Danbury, Conn., arrested on a charge of vagrancy, was sentenced to 10 days in jail.

Wife Arrests Husband

The police department received a call to 179 Lincoln street this morning at which time Mrs. Katherine Buckman placed her husband, Herbert Buckman, under arrest charging him with third degree assault. Later in police court the husband entered a plea of not guilty and the hearing was adjourned to Saturday.

Stole a Stop Sign

Officer Mills of the Saugerties police department notified the Kingston police Wednesday evening that the occupants of a blue Buick coupe had stolen one of the village's stop street signs and had placed it in the rumble seat and started toward Kingston. Police believe it was the work of souvenir hunters.

Treasury Receipts

Washington, March 23 (AP)—Treasury receipts for March 21 were \$14,616,955.51; expenditures, \$20,674,933.11; balance, \$448,684,327.55. Customs duties for 21 days of March were \$10,749,248.49.

## Miners Underground To Save Their Jobs

Warsaw, Poland, March 23 (AP)—More than 700 coal miners at Kilmontow, defying death to save their jobs, have begun their fifth successive day in dark, damp pits underground.

They refused to come to the surface unless the government guaranteed their jobs. From Saturday until last night the miners declined food.

They finally broke their fast as they began their fifth night. But instead of coming out, they decided to send representatives here to present their pleas to the government.

The mine operators had announced plans to flood the shafts in which the men worked, and to prevent this action the men have remained at their posts since the close of work Saturday night. Their wives and children picketed the pitheads.

Operators decided to flood the shafts because the government refused to allow a 15 per cent wage cut after ordering a 17 per cent reduction in the price of coal.

The strikers cut telephone wires connecting with the mine shafts.

## New Golf Course to Be Opened to Public On July 4, Is Plan

New Golf Course Sponsored by Kingstonians Expected to Be Ready for Use in Early Summer, Announces Mr. Goodman.

Kingstonians are assured that they will be able to play golf on a completely new golf course on the Hurley Road by July 4, according to an announcement today by Thomas Goodman, golf course architect and engineer, who said that only \$400 was needed to complete a proposed budget of \$13,000 necessary to begin construction which is expected to be started the first of April.

The new course, which will supplement the Twaalfskill Club, Kingston's only golf course at present, will be 18 holes, when completed and will be 6,000 yards in length, have a number of water holes, and a wealth of natural hazards. It is planned this year to use a farm building on the club property as a club house, and later a more pretentious dwelling will be erected, according to Mr. Goodman.

The Kiwanis Club originally sponsored the project, and a year ago a budget of \$20,000 was believed necessary before a corporation could be formed and work begun. The lower cost of materials and labor caused a revision of this plan, and with certain original projects eliminated it was found that \$7,000 might be lopped off the first budget. Approval of subscribers is being sought and it is expected that everything will be arranged and the necessary additional funds subscribed so that golf may be enjoyed on the new course at the earliest possible date, estimated as July 4, by Mr. Goodman.

## British Officer Took Stand in Own Defense

London, March 23 (AP)—Lieut. Norman Baillie-Stewart of the Seaforth Highlanders, accused of selling out his country for £50, testified in his own defense this afternoon at a court-martial trying him for betrayal of military secrets to a foreign power.

Norman Parkes, his attorney, led him through the strange story about the girl named Marie Louise who, he says, sent him money in the mail after he visited her while he was on furlough in Berlin.

The prosecution, which rested this morning, presented several letters from the girl. It was contended that "Marie Louise" was an alias disguising the identity of a foreign agent. The money contained in at least two of the letters, said the prosecution, was Baillie-Stewart's payment for the betrayal of military information.

## Mayor Carey Is Critically Ill

It was stated at the Benedictine Hospital this afternoon that there was no change in the condition of Mayor Eugene B. Carey, who is critically ill. On Wednesday Dr. Thomas Ordway, a widely known blood specialist of Albany, was called into consultation on the mayor's case. Owing to the seriousness of the mayor's illness he is not allowed to see any visitors, and is being kept absolutely quiet.

Chowder Sale

The Ladies' Aid Society of Immanuel Evangelical Lutheran Church on Livingston street will hold a chowder sale Friday, March 24. The sale will be held in the parish hall from 11 a. m. to 3 p. m. Orders may be phoned to Mrs. Charles Petri, phone 1422-R or to the parsonage, phone 2732.

## Democrats Move To Pass Wage Bill

ALBANY, N. Y., March 23 (AP).—Democratic leaders of the Legislature were preparing today to move for passage of the Wald bill, providing for minimum wage rulings for women and children in industry, during today's session.

Senator John J. Dunnigan of New York, Democratic majority leader of the upper house, announced he was ready to "go to bat" for the Wald bill in its original form.

The majority leader said the Democrats had decided to fight for the bill as it stands, with its provision for fine or imprisonment of employers failing to comply with whatever standards state wage boards may fix, rather than to compromise with the opponents of the measure.

Earlier in the week it was reported the Democrats and Republicans had agreed to put the bill through with an amendment to make it effective during the present economic depression only, or "for the period of the emergency," which could be terminated by a legislative resolution.

The Wald bill, sponsored by Senator Albert Wald, New York Democrat and a new member in the Legislature, is approved by Governor Lehman, because of its mandatory provisions.

## Samaritan Robbed of \$50 Sleeping Bag

Boeker, Mont.—A Samaritan, another devotee of the theory that being a Good Samaritan doesn't pay, Fred Batterson, a North Dakota hitch hiker making his way through Montana, offered to share a \$50 sleeping bag with two other itinerant one cold night. Waking in the morning, he decided to further prove his generosity by going out and buying breakfast for all three. When he came back Batterson told police, the itinerants and his sleeping bag were gone.

## DOCTOR'S MISTAKE CAUSES TWO DEATHS

Driven by Remorse to Take Same "Medicine."

Parma, Mich.—Belief that Dr. Harry C. Hubbard, sixty-one-year-old Parma physician, killed himself with poison after he had given two patients poison by mistake, causing their deaths, was shared by virtually all Jackson county authorities and residents of Parma.

The following facts established by Peter Keyser, Jackson county chemist, and Coroner John Tilling substantiated the general belief:

The patients, W. J. Foor, Michigan Central railroad yardmaster at Jackson, and George W. Hunn, Parma hardware dealer, died about a few hours after taking medicine, in capsules, compounded by Doctor Hubbard. The manner of their deaths was identical, each having suffered convulsions.

While Hunn was being buried in a Parma cemetery, Doctor Hubbard went to the Hunn home, told neighbors who were staying there in the absence of the Hunn family that he wanted to look through Hunn's clothing, removed an envelope containing capsules and substituted another envelope of capsules.

Following the deaths of his patients Doctor Hubbard told a friend he was unable to sleep.

Doctor Hubbard's death occurred a few hours after he learned an investigation of the deaths was under way.

Doctor Hubbard's death was similar to those of his patients.

The doctor was almost blind in one eye and the vision of the other was impaired.

In the opinion of county officials and Doctor Hubbard's fellow townsmen, he killed himself rather than face disgrace.

## Luck as Important as Gun in Hunting Deer

Kane, Pa.—Every employee of the Kuchegua Brick works wanted to go deer hunting. Half the working force was allowed to go. The other half remained on the job.

Soon after the ninetys took to the woods, two buck deer ambled through the brick works plant. Amazed stay-at-home workers grabbed their rifles and killed one buck, an eight-point specimen. The other was wounded but got away.

The workers who were given a holiday returned empty-handed.

## Hard Luck Besets Youth After Uncle Hangs Self

Murray, Ky.—With a determined smile on his face, Jack Dunaway, freshman at Murray college, resumed his class work and his duties in the office of the college paper and told this story:

Within a week his uncle hanged himself, his sweetheart married a rival, a bank where his mother had \$1,000 on deposit closed, and the home where he had been staying burned with all his books and clothes. "What next?" Jack wonders.

## Mother Saves Child in Cistern, Forming Chain

Belvidere.—Mary Louise Serzer, five, is alive because her mother noticed that the cover of an abandoned cistern had been dislodged.

Mrs. Serzer peered into the cistern and saw her daughter's hand sticking out of the water. Lowering herself while the child's aunt, Helen Sequine, seized her ankles, the mother clutched the child's hand and pulled her head above the surface. Thus they remained until workmen were attracted.

## Woman Routes Bandit and Saves \$5,000 in Cash

Cheyenne, Wyo.—The west has two-fisted women. J. W. Herrin, bookkeeper of a grocery store here, started to a bank with \$5,000 in cash and checks when an unarmed but masked robber jumped on his back. Herrin, who has only one arm, struggled with the man.

Miss Margaret Talbot, Herrin's assistant, ran to his aid and delivered a number of well-placed blows. The robber fled without the money.

## Steals Wife's Necklace; Is Given 30-Month Term

Innsbruck, Austria.—Walter Preck, twenty-eight, Austrian adventurer, arrested 22 times since he was fifteen years old, was under sentence of 30 months imprisonment on charges of theft and forgery brought by his wife, Helen Mayr, said to be the widow of a Pittsburgh (Pa.) banker. Preck was convicted of stealing a pearl necklace from his wife and of forging checks in her name.

## Government Moves To Satisfy Thirsty

Washington, March 23 (AP).—The Federal government today moved swiftly to open the beer taps through which a legal 2.2 brew will flow to America's thirsty after midnight, April 6.

Machinery to license brewers was set in motion by Dr. James M. Goan, industrial alcohol commissioner, who pledged himself to keep racketeers of bootleg beer out of the legalized industry.

Government officials acted a day after President Roosevelt signed into law a bill which permits the sale of beer and wine of 3.2 per cent alcoholic content. The President's action signalled the end of the absolute prohibition which has prevailed since 1930.

Leaders of prohibition organizations, meantime, made plans for testing the law's constitutionality and for blocking by injunction the sale of beer. They carried notice of a determined court battle.

Government officials estimate that an annual revenue of \$155,000,000 to \$150,000,000 will be obtained from the beverage. The Internal Revenue Bureau has begun distribution of revenue stamps taxing beer at \$5 per barrel.

After midnight April 6 the legalized beverages may be sold in at least fourteen states—Arizona, California, Illinois, Indiana, Kentucky, Missouri, Montana, Nevada, New Jersey, New York, Oregon, Pennsylvania, Washington and Wisconsin.

It may be sold also in Connecticut, if an opinion expressed by Kenneth

## WYNN, Executive Secretary to Governor Cross, is followed. He held the Connecticut state enforcement prohibited only the sale of liquor to be intoxicating by Federal laws.

While brewers got full steam up to supply the prospective demand, Dr. Goan made ready to send 450 field workers to the licensed plants. These men will give the word at the night of April 6 when the beer trucks may leave at the zero hour for the retail establishments. Regulations issued yesterday by the alcohol bureau permits the bottling of beer to proceed.

Mr. Roosevelt yesterday asked Attorney General Cummings for a report on the status of Federal prisoners convicted of beer sales. A number of bills have been introduced in Congress providing for the release of such prisoners.

The House today took up a bill legalizing beer in the District of Columbia so that the brew would be available to those high in the government as well as the average worker.

## SAUGERTIES AND PHOENICIA RESIDENTS INHERIT

New York, March 23 (Special).—William H. Eckert, 55 Lafayette street and Annie E. Seamen, 79 Market street, Saugerties, and Jennie Eckert, of Phoenicia, inherit legacies of \$2,000 each from the estate of Mr. Eckert's aunt, the late Emma S. Mitchell, of Brooklyn, according to the terms of the New York State Transfer Tax Department report filed in the Brooklyn Surrogate's Court here today.

Mrs. Mitchell, who died a resident of Brooklyn on September 22, last, left an estate appraised today at \$27,768 gross value and \$24,149 net. The

principal assets were \$27,145 in mortgages, notes, cash and insurance. Others who share in the estate include the widow and executor David Mitchell, 467 Hudson street, Brooklyn, left the residuary estate of approximately \$4,205. Lila T. Smith, widow of Brockton, Pa., and Emma S. Smith, Glasgow, Scotland, \$2,400.

## Centerville Man Sentenced

New York, March 23 (Special).—Frank Angelo of Angelo Farm, Centerville, was given a day suspended sentence in Federal Court here yesterday by Judge Henry W. Goddard on his plea of guilty to charges of liquor violations. The defendant was arrested December 22, 1931, charged with manufacturing liquor with a twenty gallon still.

spirits are renewed when we open them to the quickening power of God. There is, then, a master light of all our seeing. Wherever we turn we are in the dark without God. All our knowledge is incomplete save as we see the meaning of life and the realm of the world in God. He is the light beyond the sun, the glory beyond the stars.

"Our little *avonims* have their day. They have their day and cease to be. They are but broken lights of Thee And Thou, O Lord, art more than *they*."

Prayer: "Lord of all being, throned afar," we Thy children turn to Thee for the fulfiling of life which our restless spirits are always seeking. We turn to Thee for the light without which we grope amidst our shadows. May we and life's own fountain in Thy presence and in Thy light may all our darkness be scattered. In His name Who is the Light of the World. Amen.

Every man has an eye to his own business, as he should. A barber told us recently that there was nothing that made a community appear more prosperous than to see the men all with fresh hair cuts and cleanly shaven. There is something to that too.

## Plan Short Cantata Next Sunday Evening

A chorus of 25 voices is preparing to present a short cantata at the evening service Sunday, March 26, at the Clinton Avenue M. E. Church. The cantata entitled "Gallia" by Gounod is very appropriate for the Lenten season, the text being taken from the words of Jeremiah, found in the Book of Lamentations, calling the world to penitence.

The solo parts will be taken by Mrs. Clarence Wolferst, soprano, and Herman La Tour, tenor. Mrs. Arthur Ellison, organist of the church, will be at the organ and Vernon S. Miller will direct the chorus.

The public is cordially invited to attend this service which opens at 7:30 o'clock.

**Choral Club Meeting.**  
All members of the Schubert Choral Club of the Y. W. C. A. are urged to make a special effort to attend the meeting on Friday evening of this week so that a full report of the tickets sold for the "Chimes of Normandy" may be had. If unable to attend kindly send in your report to the Y. W. office before Friday evening.

**Rural Church Services.**  
Next Sunday in the Krumville and Lyonsville Churches at 11 a. m. and 2:30 p. m., the Rev. Thomas S. Braithwaite will speak on "How to act in a bad storm." A talk on our experience last Sunday.

**Ladies' Aid Supper.**  
There will be a supper at Frank Hill's hall on Friday evening, March 24, for the benefit of the Mt. Marion Ladies' Aid.

**Switching On and Off.**  
No extra current is consumed when the light is switched on or off. In the case of motors and appliances that consume a relatively large amount of current in attaining their maximum speed or efficiency it probably would be cheaper to let them run while not in use for a few minutes than to switch them off and on.

## He's 110 And Plowing Still!

Pat Ryan, "Old Man of the Mountains," Again  
Following Spring Furrows

Pat Ryan (right), 110-year-old Oklahoma mountaineer, celebrated his birthday recently by getting ready for spring farm work. His "boy," Bill, 64 years old, lives with him in a mud-chinked log cabin.

Holdenville, Okla. (AP)—Hale and hearty at 110, Pat Ryan, whose little mud-chinked cabin occupies a mountain "clearin'" near Holdenville, is still able to do his spring plowing.

He and his 64-year-old "boy," Bill, have been puttering around, working with hand-made tools to repair his crude implements for that purpose.

Everything about the Ryan cabin is rustic, plain and without a touch of any "new-fangled ideas." Pat says a man doesn't need "all the fancy things to get ahead."

He still whets his scythe on the

Looking back to his boyhood, Pat stone wheel of his two-wheeled cart. He remembers the historic shower of shooting stars in 1833, when many persons thought the world was coming to an end.

Born of Irish and German parentage in an old Kentucky family noted for longevity, Ryan has stood the strain of the years well. His teeth remain in good condition, and he looks upon the world without eyeglasses.

He served in the Civil War, but said he had never asked for a government pension because he "hadn't been able to swear he couldn't make a livin'."

### MERRILL RETAINED ON STATE TAX COMMISSION

Albany, N. Y., March 23 (AP)—Within a few minutes after the re-nomination of John J. Merrill of Alfred as a member of the state tax commission was proposed by Governor Lehman, the New York state Senate confirmed it without opposition.

Both party leaders, John J. Dunigan, for the Democrats, and George R. Fearon, for the Republicans, praised Mr. Merrill, a Republican, and commended the governor for retaining him on the commission. Merrill has been in state service many years.

Merrill succeeds to the vacancy caused by the resignation of Thomas M. Lynch, of Poughkeepsie, who was the commission president. Mark Graves yesterday became president. He formerly was director of the budget.

### BOY SCOUT TRAINING SCHOOL MARCH 28

The first session of the spring training school for scout leadership, for Ulster county, will be held at the Governor Clinton Hotel Tuesday evening, March 28.

Scout Executive Wright reports that there is general interest in the school this year, with good advance registration and indications that nearly every town in the county will be represented.

The general topic for the six sessions to be held this spring is "Elements of Scoutmanship." The first session will deal with leadership requirements, how to start a troop, purpose of scouting and the new code.

### One Hour to Vote

Employees of all firms and industries in Kentucky are allowed one hour, with pay, to vote in elections.

### Annual Banquet of City League Monday

President Peter Keresman expects more than 100 bowlers and friends of the City League at the banquet in Immanuel Church school hall on Livingston street Monday for the annual post season get-together which always proves a happy occasion. This celebration is expected to be more successful than ever with such guests on the speaking program as City Judge Bernard A. Culliton, Judge Harry E. Schirick, the Rev. Henry E. Herdgen of St. Peter's Church and the Rev. E. L. Witte of Immanuel Church.

Other invited guests are Clarence Schounmaker, secretary of the Y. M. C. A.; E. Frank Flanagan of the Up-town Merchants; Harry Kaplan of the Downtown Merchants and Commander Sam N. Mann of the American Legion.

The banquet is scheduled for 7 o'clock. There will be an executive meeting at 6:30 for captains and representatives of the several teams. Among business of importance to be transacted is the election of officers for the ensuing year.

Officers who so successfully conducted the league during the past season are: President, Peter Keresman; vice president, Charles Patti; secretary, William Thiel; treasurer, John Raible.

Mr. May was followed by B. Kay Johnson of the Rex Gas Water Heater Company who gave a very interesting talk illustrated by pictures showing the construction, simplicity and complete automatic control of the Rex water heaters.

The merchant plumbers present expressed appreciation for the illustration and explanation given and also seemed highly enthusiastic over the outlook for the gas water heaters in the Hudson river valley where the manufacturer, distributor and merchant plumbers worked in close cooperation with the Central Hudson Gas & Electric Company for the benefit of the householders.

### WHEN CHECKING OUT

Copyright, 1933, by Fairchild.

A belted coat in beige, rusty orange and brown checked tweed with a "Priscilla" collar that may be worn as illustrated or crossed closer to the throat.

### The Top Coat—An Excellent Investment

New York—There is no substitute for a top coat. Nothing can possibly take its place. Perhaps that is the reason most top coats are so swank and swaggy. Here is one that has a kerchief collar, if you please. Priscilla probably never thought of having her kerchief made into a tweed collar for a big sporty-looking coat, like this one.

Top coats are "louder" than ever this season. The woollens from which they are made are usually a pleasant blend of colors, and the designs show no inferiority complex. Many of them are checks—large and small, and some are plaid. There are also herringbones, chevrons, stripes and many other mixtures, not as easily defined. The point is, do not overlook an opportunity to get a top coat. It is going to cover your suit, your ensemble and any of your dresses. What is more, it is going to last long enough to make a good investment.

There are fur-trimmed coats for spring, but they are not the top coat variety, besides which, it is just as well to eliminate fur excepting as an accessory. If you are slender enough to wear the little cape coats that are so chic, by all means have one. There are also coats with wide lapels, double-breasted models with slightly molded lines. You will like those too.

Although straws are being shown in the millinery shops, it's just as swanky as ever to have the fabric of hats and coats match. The new fabric sailors are good-looking, which brings to mind that the term bicycle sailor and bicycle sleeves is being used a good deal and hardly needs defining.

The latest excitement concerning hats is that their crowns are getting higher and higher. They are of various shapes, some soberly square, some conical and some just plain comical.

### Squared Off For Spring

One of the best examples of the square shoulder and collar treatment, as it was worked out in first spring collections, was the midgy collar continued in the last showings by Lanvin. It is developed in fox or in fabric, bordered in fur, and appears to good advantage on spring coats in flat furs. Schiaparelli's "tray shoulders," widely discussed also adopt this squared look at the top of the silhouette, a natural development of the box lines and the padded shoulders.

### Mystery Peak in Tibet

There is a peak in Tibet called Ma Chin Shan which is said to be larger than Mt. Everest, but none except natives have been closer than 75 miles.

### Climate of British Isles

The British Isles have a milder and more equable climate than any other land so far away from the equator.

## PLEASANT WASHDAYS AHEAD — by DAWN VALENTINE

"Makes loads of rich, lively suds" says Mrs. C. Blackwell, 106 Albany Ave.

In my mind there isn't any soap in the world to compare with Rinso! I never saw the like, even a small amount of Rinso makes loads of rich lively suds which loosen dirt. And Rinso washes clothes so much whiter than other soaps; I know because I've actually compared results. Rinso makes dishwashing easier, too; its creamy suds loosen grease in half the time. You'll be surprised to see how easy Rinso is on the hands!

MRS. C. BLACKWELL, 106 ALBANY AVE., KINGSTON, N. Y.

The home-making experts of 316 leading newspapers—the makers of 30 famous washers—recommend Rinso. Cup for cup, it gives twice as much suds as puffed-up soaps. In tubs, suds out dirt—saves scrubbing. Clothes last 2 or 3 times longer. Great for dishes. Get the BIG package.

### Some Sub-Deb Capers

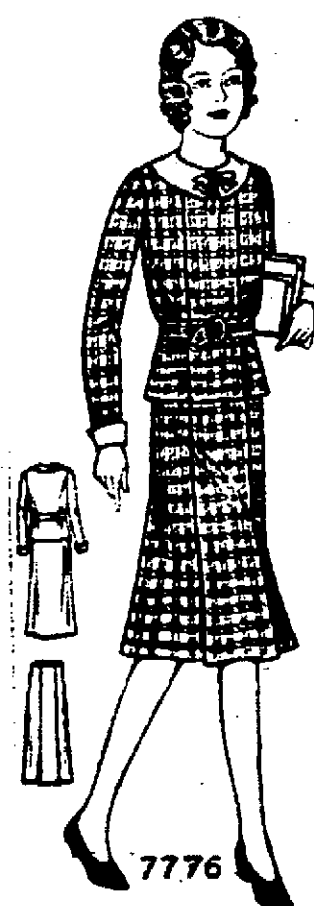

Copyright, 1933, by Fairchild.

Cape costumes are already figuring as later spring wear. A five-piece cape suit illustrated at the upper left emphasizes contrast in weaves, the check tweed making the skirt, hat and cape, a diagonal weave chosen for the jacket of the suit. The silk scarf adds further contrast. At the right is a plain linen shoulder cape over a checked gingham

dress with capelet sleeves. A swaggy suit for the young girl, which may be topped by a cape in check tweed to match the skirt of the suit, which has a solid colored jacket, is shown lower left. The lower right costume consists of a jumper with coat dress effect worn with puffed sleeves gingham blouse, topped off with a cape-sleeved jacket of the same navy wool crepe as the dress.

### OUR DAILY PATTERNS

A Popular Two Piece Frock.

7776. An ideal school frock is pictured here. Blouse and skirt are arranged in plaits on the front that form broad panels. The sleeve is fitted and trimmed with a neat up-turned cuff. A boyish collar completes the neck edge. Plaid woolen was used for this frock, with pique for collar and cuffs. Wool crepe, or

velvet, broadcloth, or jersey is also suggested. Designed in 4 sizes: 8, 10, 12 and 14 years. Size 12 if made as in the large view will require 3 3/4 yards of 35 inch material together with 3/4 yard of contrasting material for collar and cuffs. The blouse alone will require 1 1/2 yard. The skirt alone will require 1 1/2 yard, and 3/4 yard of belting.

## YOUTH SCRIBBLES HIS SENSATIONS IN DYING BY GAS

**Describes Pangs of Death as "Awful"; Had Last Job as Chemist.**

Camden, N. J.—Turning on the radio and last outlet of a gas store, Isaac W. Eason, Jr., twenty-five years old, sat down to an easy chair in his father's apartment with two pint bottles of whisky beside him, and wrote a series of notes on how it felt to die. Eason, a graduate of Randolph-Macon college, and formerly a chemist at Petersburg, Va., who is said to have lost his employment recently, wrote that: "I can't quit the stuff, but I can leave a drink behind. Please dump it out, I haven't got the guts."  
But when police broke into the apartment they found the two bottles empty, while the radio played jazz. The young man's father, Isaac W. Eason, who was an assistant United States attorney general at Washington during the Wilson administration, and is now a law partner of James Mercer Davis, prosecutor of Ocean county, was out of town over night on a business trip.

**Left Warning to Father.**  
Under the door young Eason tucked a note warning his father against the gas, which was discovered at 6 a. m. by the janitor.  
Young Eason wrote that he hoped to comfort his mother in heaven. He warned his younger brother, Robert, against drink. Trying to describe the "pangs of death," he succeeded only in telling that the sensation was "awful" and that he had dull pains. The writing ended with the first two letters of the word "love," in a staggering scrawl two inches high.

The notes follow:  
"11:30 p. m. Dad: Be careful how you come into the apartment because the gas you smell might do you harm. I. W. E., Jr. Good-by, Dad, I don't need to explain."

On the opposite side of the paper he wrote:  
"Good-by, you know I can't quit the stuff but I can leave a drink behind. Please dump it out, I haven't got the guts."  
In a corner of the same page he drew a square, beside which he wrote: "My finger prints—left thumb." Around the margin he wrote: "Don't send my body to Richmond. I want it cremated, and keep the ashes. I'll be seeing you."

Another note, addressed to "Dad," read:  
"See that Robert don't drink and tell him mother sends her love. God bless me because I'm going to help mother get some comfort in heaven. I wish I could explain what they call the 'pangs of death.' It is so awful that I'm surprised. I'm going to write until I can't write any more. There has never been any description of death, written by one who is dying."  
The time is now 12:06 in the morning. Now I will try to tell you what dying by gas feels like. The first pain is in my left kidney, not bad, a dull pain. I'm leaving the radio on and the pain is now in the lower part of the left lung.

"It is now 12:15. It won't be long now. Tell Auntie and Robert I will love them always and, Dad, don't worry about me."  
The next note was on a bundle of his father's legal papers, in writing which began to be less legible.  
"I'm going to thank you, my dad, love. I know that it is only cowards who kill themselves. But you have done everything, so must realize I'm doing all this for the benefit of you and Robert. Love."

The last two letters spread all the way across the page.

## Dog Is Safe in Tonneau of Auto Ruined by Fire

Weymouth.—A German police dog belonging to Warren Sherman of Summer Street had a remarkable escape from injury by fire when Sherman's automobile was ruined.  
Sherman drove his car into his garage, gave the motor a last spin over, and heard it backfire. Next he saw flames, and rang a fire alarm. The fire was going briskly when the firemen arrived and the automobile was damaged beyond repair.  
When the flames and the confusion had subsided it was remarked by one of the firemen that a creature of some sort was lying calmly on the rear seat. The door of the burned automobile was pried open, and then the firemen and Mr. Sherman—to their amazement—saw the German police jump out, unharmed.

## Chinese Situation Told to Rotarians

"Politics is like a love affair, far too personal and sentimental a subject to discuss in a speech, especially so if the topic embraces a breach of promise suit." So said C. K. Wang, chairman of the publicity committee of the Chinese Students League of Greater New York, in a speech before the Kingston Rotary Club Wednesday noon regarding the situation in Manchuria and the Far East.

Mr. Wang's discussion concerning the conflict between China and Japan that began in September, 1931, was an effort to bring out the fundamental issues of disagreement between these two eastern nations. His talk embraced such topics as treaty violations, aggression, immigration, Manchurian railway disputes and the makeup of the Japanese cabinet.

"In 1931," said the speaker during the course of his talk, "the Japanese presented a five point program to the Chinese in an effort to settle the dispute over the Manchurian situation. The fundamental issues concerned treaties and the railway systems in Manchuria. There had been another treaty between these two nations in 1915, a treaty forced upon China and never ratified by them. This treaty made it possible for Japanese to buy territory in Manchuria, causing numerous little states to be set up in that territory. There were also four railway systems in Manchuria, owned by Russia, Japan and China. The Russian railway ran across Manchuria in horizontal fashion, the Japanese line ran vertically, and the Chinese railway, by agreement, couldn't run parallel to either of the other lines. So the Chinese line ran in a circular fashion. The treaty in 1915 stated that China would have the privilege of taking over Japanese railways and ports in Manchuria at a certain time, but instead of turning them back to the Chinese, the Japanese kept them and began an even greater period of expansion in Manchuria."

"The reason for Japanese aggression in Manchuria is due to the make up of the Japanese Cabinet," said the speaker in continuing his address. "There are two war lords in the cabinet representing the army and navy, and they are answerable only to the emperor. Their policy was one of military aggression, and so such a policy was adopted. There can be no real peace in the Far East nor can the world be safe for democracy until some change takes place in this type of government that allows two war lords to dictate the policy of a nation."

Mr. Wang went on to state that newspapers were filled with stories of Chinese lack of organization, and that some strong nation should step in and save China from internal disaster. Mr. Wang was of the opinion that such talk was far from true. It was his belief that China is more unified today than ever before, and should work out her own destiny. "The Japanese use another excuse

# THE NATIONALLY-FAMOUS WISE SHOE

## COMES TO KINGSTON

# TOMORROW

## AT A. HYMES

### FREE HOSIERY FRIDAY & SATURDAY!!!

All silk. Fine Chiffon. Any shade you desire. Guaranteed first quality. Regular 85¢ value.  
Given FREE with each pair of shoes.

FOR the first time in the history of Kingston—the identical shoes that are shown on 5th Avenue in New York, as well as in Paris—are now featured here. These are the famous Wise Shoes. They are style-sponsored by Julienne of Paris—worn by over a million style-wise women.

Tomorrow this famous shoe can be had at A. Hymes, 325 Wall Street. And the values are so outstanding that this shop now becomes the style shoe center of the town.

You will find two groups of Wise Shoes here. For the budget-minded woman who wants the smartest of style, we offer a line of shoes designed by Julienne of Paris, who is one of the world's leading shoe stylists, with her own shop at 235 Rue St. Honore, Paris. Every one of these styles is original—you will not see them anywhere else in town. And at the amazingly low price of \$3.65.

Then for the woman who has always paid \$10 to \$15 for her shoes, we feature a line of "Hand-Crafted" models—showing all the expensive leathers, materials and hand construction features that she has been accustomed to expect. These shoes are made by hand, of materials exactly as good as those in shoes selling at \$10 and \$15. You will find smartness, correctness of fit, that so many custom-made shoes possess. If you intend to pay \$12 or less for your new shoes, please come in first and see what we offer in Wise "Hand-Crafted" Shoes, at \$5.

At \$3.65 and \$5, we offer the smartest values Kingston has ever seen.

A wide range of materials, leathers and styles to match any costume, and for any occasion.

Come in tomorrow. FREE HOSIERY FRIDAY AND SATURDAY.

#### Original Styles by Julienne of Paris

There's no trick in selling a shoe at a low price! The trick is to sell at a low price a shoe worth much more!

Our line of \$3.65 Wise Shoes is styled by Julienne of Paris. Julienne is one of Europe's leading shoe stylists.

Her own shop is at 235 Rue St. Honore, Paris. Her customers are the socially-elite of the entire world.

Every one of these styles is original—you will not see them anywhere else in town. At \$3.65 it is the country's greatest value.

Included in this group are the new Admiralty Blue Kidskin, Grey Suedes, Genuine Reptiles, etc.

If you want to pay \$3.65—a modest price—your style is not cramped one bit by these Wise Shoes.

Come in and see for yourself.

#### "Hand-Crafted" Models

In this group we show all the expensive leathers, materials and hand-construction features that have given Wise Shoes such wide popularity. These styles are made in Brooklyn—the quality shoe center of America. The major features of construction are done by hand—in factories that never before produced shoes to sell for less than \$10 and \$12.

The materials in these shoes are exactly as good as those in shoes selling at two or three times the price. You will find smartness, correctness of fit that only custom-made shoes possess.

Compare them with any shoe at much higher prices, anywhere at all, and decide for yourself what extraordinary values these Wise, hand-crafted models are. If you intend to pay \$12 or less for your new shoes, please come in first and see what we offer in the Wise Shoe at \$5.

GERMANTOWN BANK

LONGS ATTEMPT TO COLLECT

Once more the Germantown National Bank has its attempt to collect some of its losses from the delinquencies of Clyde H. DeWitt, former treasurer of Columbia county now serving a prison term for grand larceny.

The Appellate Division yesterday handed down a decision sustaining the Supreme Court Justice's decision in favor of the bank's suit for approximately \$22,495.22 in a counterclaim brought by the surety company against the bank.

Three justices of the court concurred in an opinion written by Supreme Court Justice John C. Cruger. Justice Bliss concurring in the result in a separate opinion, and Justice McNamee dissenting with a third opinion.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks black, don't swallow a lot of acid, general water, oil, laxative candy or chewing gum and expect them to make you actively sweet and buoyant and full of vitality.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food can't be digested. It just stays in the bowels. Can't break up your stomach. You have a sick, flat, and taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, stimulating when it comes to making the bile flow freely.

Red don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Repeat a substitute. Be at all stores. © 1931 C. M. Co.

TWO PLAYS WILL BE GIVEN FRIDAY NIGHT

The two plays, "Between Trains" and "Aunt Abigail's Bomb," which were recently given at the Penack-hoekie Congregational Church on Auburn street will be repeated Friday night, March 24, at 8 o'clock at the East Kingston M. E. Church. The cast of characters follows: "Between Trains"—Mrs. Flaherty, Mrs. James Williams; Judge Mowbray, Mrs. Peter Hoey; Annie, Mrs. A. Lowe, Jr.; Gloria, Mrs. Eugene Kolts.

"Aunt Abigail's Bomb"—Abigail Mills, Mrs. E. Kolts; Samantha Mills, Mrs. A. Lowe, Jr.; Alice Perkins, Mrs. Charles McGinnis; Little Alice and Natalie Lowe will sing a duet. Miss Virginia Williams will sing a solo. Mrs. McGinnis and Miss Williams will render a duet. Ice cream and cake will be on sale.

Howe About:

Husbands and Wives Squatter Rights The Specialist

By ED HOWE

A MAN is disposed to believe that when he signs a woman, he should be the hand behind him, because he is the biggest.

He is mistaken; the woman is able to care for herself.

The most natural controversy of all is that between men and women, and the condition of women has steadily improved since the dawn of history. What rule, custom or law is best for them? They have fought for it steadily, and won. If an old savage could be resurrected today, become twenty-five years old instead of a thousand, and be turned loose with the present crowds of manured and perturbed women, the other men would hang him in an hour because of his bad manners.

Anyone who reads of the past must constantly note the steady march of subjugation of men; anyone who looks about him now must note the same thing.

In the early days of the West squatter sovereignty was a recognized principle. Settlers rushed into the country before it was organized, and squatted on the land. When it was formally opened to settlement, the settlers armed themselves, collected at the land office, and saw to it that every squatter had the first and only bid on the land he had settled on.

Squatter sovereignty is being practiced now in paying taxes. At tax paying time taxes are not paid, but when the properties are offered for sale by the sheriff for taxes, the owner of each tract is protected in his right to be the only bidder; sometimes the taxes and penalties on his property amount to a thousand dollars, and the owner gets a sheriff's deed to it for a trifle. It is being done in my community; look around, and you'll see it is being done in yours.

The ordinary man cannot become a specialist, and devote years of study to figuring out how far the more remote stars are from the earth. The citizen who makes an ordinary good living, achieves respectability in his neighborhood, rears and educates a family, and helps support the many specialists, must know many things, and know them well. A man of my acquaintance is not only able to make a respectable living as a farmer but cures hams and bacon better than the well-paid specialists of the packing houses. He can cut hair as well as a barber, and knows automobiles so well he not only fixes his own, but town men come to him for advice. People send for him from miles around to top their hay and wheat stacks, and, during the winter, he does very good work as a blacksmith at about half town prices. In addition, he reads enough to get about all there is of value in print, and has very excellent practical sense.

The specialists are well enough in their way, but should not be permitted to make laws for those who from necessity are all-around workers.

I was out in company lately, and among the guests was a husband with a deaf wife. Every little while he would go up to her, and bow in her ear: "You are the sweetest thing in the world; you suit me," and the wife would seem pleased. Once he roared in her ear: "I just told Joe Holt I am not the sort of husband who fusses about being married. I like it; we get along, don't we?" Other guests told me the man was noted for appreciating his wife, and making a disturbance about it. If a man marries the right sort of woman, and she likes him and submits to him gracefully, he'll like her, whether she is old, stout, thin, wise or ordinary. It is the wife naturally opposed to everything her husband does that complains he no longer loves her.

When a widow writes a letter to kin begging for assistance in feeding her hungry children, she is compelled to pay an extra cent for the stamp, that this sort of waste may continue in thousands of other places. I wonder statements are not ashamed, instead of being the proud creatures they are.

The correct and moving reason for good behavior is because it is profitable: the surest way to avoid punishment. Any other teaching of good behavior is complicated, and less effective than sound teaching should be.

Everyone occasionally remarks the rapid flight of time. It becomes more noticeable after one becomes old; and an old man gets very much less out of the hours as they hurry by.

A man named Lucky is a famous historian, and quotes St. Jerome as saying that in olden times one man slept naked in a marsh to court the stings of poisonous insects. This he kept up for six months. A disciple slept at the bottom of a well, and when he walked about, carried on his back a hundred and fifty pounds of iron. Lucky fully documents these stories, and wonders what the explanation is. Many volumes have been written to provide explanations, but I can explain the stories in five words: They never happened. Most wonders are made up; we pretty generally know what really goes on, and why.

## Flashes of Life Sketched in Brief

(By The Associated Press)

**San Francisco**—Fred McDonald's  
tenants have won their long feud with  
Federal Judge Frank H. Kerrigan.  
Celebrated for frequent court non-  
appearances, the tenants were offered  
an ultimatum by McDonald yesterday  
in a note from a hospital. The court  
accepted the offer as prima facie evi-  
dence of innocence and declined to  
grant summary judgment.  
On three former occasions the  
attorney-general of the tenants made  
them his excuse for not being in  
court. The third time Judge Kerrigan  
accepted the plea, went to a hall  
game—and not sent McDonald.  
Whereupon his honor ruled out the  
tenants' excuses.

**Red Faced Moment**  
Camden, N. J.—J. Lewis Smith  
has disclosed an embarrassing inci-  
dent in the life of the chamber of  
commerce refreshment committee.  
The chamber sponsored a meeting  
of dairymen, and the herd owners  
came from miles around to hear an  
expert discuss milk.  
Ice cream, cake and coffee were  
served, and then the committee  
wished they had left out the coffee.  
The only milk they could find for  
it was condensed milk.

**Super-Salesman**  
Camden, N. J.—Charles H. Hig-  
gins of Ithaca, N. Y., was peddling  
to and peddling but his campaign  
blew up with a bang.  
"I found him with a pocketful of  
cards reading 'No Peddlers!'" Pa-  
trolman Fred Mueller testified. "He  
told me he went from door to door  
selling them to housewives to tack  
up."  
Higgins was given a bus ticket and  
10 minutes to get out of town on  
penalty of a 60-day jail sentence.

**Beer May Aid Water Business**  
Milwaukee, Wis.—The return of  
real beer will increase the Milwau-  
kee water department's annual re-  
venue by more than \$50,000, Henry  
P. Bokmann, superintendent of wa-  
ter works said. He said he believed  
the breweries would use 1,500,000-  
900 gallons of water a year.

**Horses? Horses?**  
Greensburg, Ky.—Three men walked  
in the county clerk's office and in-  
quired, "Have the horses arrived  
yet?" They explained they had  
heard President Roosevelt would  
send horses to every county clerk to  
be distributed to farmers and had  
walked 15 miles to apply for their  
allotment. They walked the same  
distance home.

**Spiritless Pigs**  
Waukegan, Ill.—William Schor-  
der's pigs, in the opinion of Mrs.  
Irene Castle McLaughlin, seemed to  
lack spirit.  
She testified to this effect when

she said they were "coughing and  
sneezing and having colds."  
Her statement, made in district  
court, was in defense of the \$10,000  
suit the pig-man filed charging  
false arrest.

The complaint is an outgrowth of  
Mrs. McLaughlin's personal investi-  
gation of Schorder's pigs. She  
alleged the pigs' diet wasn't all it  
might have been.  
Maybe He Knows a Thing or Two  
Superior, Wis.—The police give  
out as a fact: Although "Buddy,"  
Police Chief A. E. Buchanan's dog,  
is mascot of the department, it  
reaches out of the back door and  
hides under a bush in a jail cell ev-  
ery time Alex Piel arrives on the  
scene. Alex is city poundmaster.

**SOUTH RONDOUT**  
South Rondout, March 23—Mrs.  
William Hamilton and daughter,  
Mrs. Paul Trautwine, and son, Paul,  
have returned to their home in Ray-  
side, L. I., after spending a few  
days with Mr. and Mrs. Edwin Cole  
of Plantation avenue.  
Fred Fox is very ill at his home  
on Second street. He is under the  
care of Dr. G. W. Ross of Port Ewen.  
Mr. and Mrs. Mortimer Ryan of  
Fairview Park, N. J., were guests of  
Mrs. Ryan's parents, Mr. and Mrs.  
Nathan Cole, of Second street, for  
the past week.

Prof. Gilbert of Drew Theology  
Seminary, Madison, N. J., was the  
week-end guest of the Rev. and Mrs.  
Wesley Gebhard. He preached a  
most interesting sermon at the Sun-  
day evening service in the M. E.  
Church last Sunday.  
The chicken supper given by the  
Ladies' Aid Society of the M. E.  
Church last Wednesday was largely  
attended by out of town guests. It  
was a success both socially and finan-  
cially.  
George Schick, who recently un-  
derwent an operation for appendicitis  
in the Benedictine Hospital, has  
returned home.

**THE VLY.**  
The Vly, March 23.—P. Olsen,  
Walter Scott and John Gabrielsen  
made a business trip to Kingston on  
Monday.  
Mrs. C. Leibman and sons, Wil-  
liam and John, and Miss Knoblock  
and Mr. and Mrs. "Haviet, all of  
Jamaica, L. I., spent a few days at  
Mr. and Mrs. Leibman's summer  
home in this place.

Henry B. Christians is stopping at  
the home of Mr. and Mrs. Joseph  
Ketlich.  
Mr. and Mrs. Fred Doell made a  
business trip to Rosendale one day  
this week.  
The Ladies' Aid meeting will be  
held at the home of Miss Beatrice  
Trowbridge on April 6. It is hoped  
that all members will come out.  
Walter Scott and his sister, Mrs.  
Moses Van Demark, were dinner  
guests at the home of Mr. and Mrs.  
Vernon Wager, one day last week.  
Mrs. George Wurster was the  
guest of her daughter, Mrs. Thomas  
Olsen, Jr., on Sunday.  
P. Olsen has returned to his home  
in Brooklyn after spending a few  
days here in this place.

## What Congress Is Doing Today

**Senate.**  
Continues consideration of state  
bank aid bill (12 noon).  
Banking subcommittee continues  
study of Rorah bill to abolish home  
loan bank system (11 a. m.).  
Roosevelt reforestation unemploy-  
ment relief bill taken up by joint  
House and Senate labor committees  
(10 a. m.).

**House.**  
Considers beer bill for District of  
Columbia.

## ACTIVITIES AT WURTS STREET BAPTIST CHURCH

At 7 o'clock tonight the Board of  
Trustees will hold an important  
meeting in the Baraca room. Mid-  
week service will follow at 7:45  
o'clock. The slogan this month is  
"March to Church in March." Next  
Sunday will be "Our Youth March to  
Church Day." All the young people  
and members of the Sunday school  
and Christian Endeavor Society, to-  
gether with parents and other older  
people, are urged by the pastor to  
attend this Sunday morning service.  
The pastor will be present but the  
preacher will be the Rev. Floyd N.  
Darling from the Baptist headquar-  
ters at Syracuse.

## ABOUT COOKING CLASS AT JEWISH COMMUNITY CENTER

## Financial and Commercial

New York, March 23 (AP). The stock market threw off its reactionary mood of the past few sessions and advanced sharply for a time today.

The opening of prices to the first hour carried a number of issues up 2 to 4 points, as there was a lack of cover in a market from which selling pressure had been lifted. Trading slackened later, but more than half of the early advance was still retained by early afternoon. Some strength also appeared in cotton and wheat.

Extreme gains of about 4 points in Allied Chemical and a few others were secured by a point or so later. American Telephone rose more than a point on the report of a new consolidated Gas and Electric Co. after trading at a point after the first hour. A point gain in U. S. Steel was out in half. Gains of 2 in 3 points in Union Pacific, Santa Fe, New York Central, and a few other carriers, were somewhat reduced after a point or so later. Various strong groups in the earlier trading included farm implements, mail order issues, sugars, the "steel" stocks, and others.

Rails were influenced by expectations of an early announcement of the administration's program of dealing with their situation. Railroad quarters here anticipate drastic steps to re-coordinate railroad operations.

### Dipper Bird Walks Under Water in Search of Food

#### Water in Search of Food

A small bird which has the appearance of a large wren and flies like a kingfisher is an extraordinary creature called the "dipper" from its habit of walking under water in search of food.

This bird is usually found around mountain streams. It cannot be mistaken, for its dark body with a snow-white breast shows it up at once.

No matter how fast the water may be dashing over boulders, you will see the dipper standing on a rock only a few inches above the swirling current, all the time dipping. If it wishes to fly from one point to another on the river, and the stream twists and turns through wild moorland, the dipper does not take a short cut across the country, but follows the course of the stream. Its food is found at the bottom of the river. A noted English naturalist says that he has often watched a dipper drop into the fast-running water to disappear for nearly a minute, then it comes up with some dainty morsel in its beak. In clear rivers he has seen this bird walking on the bottom, where it faces up stream so that as it turns over the stones, the hidden creatures it is seeking are washed towards it.—Philadelphia Record.

### Many Lacquer Shades Are Available, but Not Named

To the man in the street, it has seemed that the number of individual automobile colors must be something close to infinite. It is not quite that, but, or good—whichever way one prefers to regard it—but figures show that 11,500 distinct shades of lacquer have been developed, obviously far more than any genius could provide names for.

Just as a sample of the naming difficulty, take the color which the average mortal calls "gray." There are, the expert points out, 423 different values under this heading in the total list of 11,500. That, too, despite the fact that gray is not the most variable individual color.

It has been calculated that there is a considerable amount of waste in such profligacy in color creation. Even to the days when distinctiveness was a thing for which motor car buyers clamored, the maximum number of shades in a single month was never more than 200.—Washington Post.

## Brewers See Selling Field Widened; Boost Production To Meet Demand

By J. H. BRACKETT

New York (AP)—More states may have beer after legalization than in any year since 1917, study of the industry of the liquor laws since 1917 indicates.

Legislation states have on production laws at present, compared to 1917 in 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, ## Grimm Optimistic Over Chicago Cubs' Chances in National

San Francisco, March 23 (AP).—Charley Grimm is starting his first season as manager of the Chicago Cubs with a smile but with an ache in his back. He has been battling lumbago for several weeks.

"The only grim part of the business is my being laid up when my feet are itching to get out on the field," said the likable skipper of the defending National League champions. "Say, that's not a bad thing, is it?" Grimm details worry Grimm. Well, I've got it licked now. Expect to be back at first base in a few days.

"There is nothing to worry over so far as the club is concerned. With Babe Herman in right field we have added batting punch that should mean a lot more runs this year. Our only weakness, as I see it, is a lack of experienced left-handed pitching. Still, we've had the same weakness for four or five years and managed to win pennants."

"We have a great young club. I never played with a finer bunch of fellows. If we don't win it won't be because of poor team work."

Grimm took over the managerial reins the last seven weeks of last season. The team was on a road trip, in second place and 6½ games behind Pittsburgh. When it returned to Chicago it was in first place by half a game and stayed in front.

**A Hitting Outfield**  
The Cubs' pilot starts this season with a strong club, largely because of the acquisition of Floyd "Babe" Herman, for years Brooklyn's clout-ing mainstay. Herman's presence should relieve Rikie Stephenson, left field, of some of the cleanup-hitting burden.

Kiki Cuyler will roam center field as usual. Frank Demaree, who made good in his first season up last year, will be on hand for emergency fly chasing duties and either Vince Barton or Paul McCarron will round out the outfield.

Grimm is impressed with the work of McCarron, recruit picked up this year from the Albany, N. Y., club. He will stick with the team until it reaches Chicago for the opening of the season and may hang around a lot longer if Barton does not come through. Barton, who has had three trials, is nursing a bad arch in his left foot.

**Eight Pitchers**  
The Cubs are "set" in eight pitching positions with Burleigh Grimes, Guy Bush, Leroy Hermann, Pat Malone, Lon Warneke, Charley Root, Lyle Tinning and Carroll Yester, the latter a left hander. Two other southpaws, Beryl Richmond and Roy Henshaw, and the right handers, Lynn Nelson and Lyle Newsum, are fighting for the ninth place.

With left-handed help desired, Richmond, for whom a fair sized piece of change was given to Baltimore, and Henshaw, University of Chicago recruit, have the inside track. Henshaw has been the most impressive to date but Richmond has been troubled with a sore arm.

**Infield: Unchanged.**  
Three musketeers behind the plate are "Gaby" Hartnett, Zack Taylor and Bill Campbell. Grimm says that catching staff will do until a better one dashes up.

The infield is unchanged with Grimm at first, Billy Herman at second, Bill Jurges at short and Elwood English at third. Mark Koenig, who served long and honorably with the Yankees; Stanley Hack and Harvey Hendrick, will do the general utility chores. Hendrick also being equally at home in the outfield.

Harry Taylor, formerly with Seattle and last season with Albany and regarded as a great first base prospect, is to be farmed out again with "return on demand" strings attached.

## Babe Ruth Agrees To Play for \$52,000

St. Petersburg, Fla., March 23 (AP).—Babe Ruth again will do the honors for the New York Yankees this year, but at a salary not so high as he originally demanded nor so low as Colonel Jacob Ruppert's early ultimatum.

The Yankee home run slugger has finally agreed to sign a one-year contract for \$52,000, the lowest salary he has received since the \$30,000 days of 1931. Ruth received \$50,000 for 1930 and 1931 and \$75,000 last year.

He is 39 years old and in his 20th big league season.

## Lace Makers Win Over Bankers in Mercantile Race

In the second battle of the round robin series to decide the championship of the Mercantile Bowling League the Lace Mills forced the Kingston Trust Company team down to defeat by the margin of 93 pins Wednesday at the Y. M. C. A. Harry Studt, youthful pinman of the winning combination besides helping his team on to victory featured with the highest total for five games, 883, and capped the honors for high average, 177, and high single, 224.

Tonight at 8 o'clock the Silk Mills meets the Trust Company in the war for points the greatest number of which will decide the winning team in the championship tussle among the three teams that came out on top of the three divisions in the Mercantile circuit.

Points scored to date: Lace Mills, International division, 4954; Silk Mills, American division, 2522; Kingston Trust, National division, 2416. The Lace Mills will not roll again, their total being final.

Individual scores last night:

## Brucks Swamp Scouts; Play Ducklings Next

A crowd of basketball fans anxious to know whether the Counselors' victory over Pete Bruck's All Stars was genuine or the result of fate playing a mean one on the Poultrymen saw the Stone Ridge representatives make a strong come-back at B. W. S. Hall, High Falls, Wednesday night, and overhaul the Boy Scout directors of St. Mary's troops by the lopsided score of 46-20.

The visiting youngsters played hard in the first half holding their own with the Brucks. When the timer's whistle announced the intermission the clubs were deadlocked at 15 points. At the resumption of play for the last half, Pete Bruck snipped his big ringmaster's whip, as it were, and the Stone Riders responded by bearing down harder to outshoot the Counselors 31-5 in the frame.

Scoring honors for the Scouts went to Bill Kennock who gleaned 12 points, while featured point-makers for the Riders were Norm Niles, Jimmy Merritt and Herb Van Deusen as shown by the box score.

## Ducklings Next

Last night's game with the Counselors halted as the last of the season for the Stone Ridge boys to prove their bow to the Scouts previously was a fluke will not end the season at B. W. S. however, Pete Bruck having decided to match his champions from the chicken raising village with the celebrated Long Island Ducklings, the quintet of girls that defeated the Poughkeepsie Beckwith lassies 19-5 in the recent cage carnival at the new armory.

The contest with the Ducklings will be played at High Falls next Wednesday and should draw a capacity house, Bruck presumes, as the match is the first mixed affair of the season bringing together a real representative masculine club and a feminine collection rated as one of the best in the state. Playing against boys clubs so far the Ducklings have won 14 out of 15 games, advance notices state, and expect to bring their wins up to 15 when they play the Poultrymen.

## Michaels vs. Wood

The same lineup that represented the Long Island Duck Raisers Association against the Beckwiths will oppose the Brucks, Hattie Michaels included. This is the girl who thrilled the fans at the new armory with her spectacular playing of the variety that prompted the famous Babe Didrikson of Texas to call her the best player she ever opposed. The Babe should know as she is looked upon as the country's greatest feminine athlete.

Stone Ridge will take the floor with its regular players augmented by Mabel Wood of the Rocknes. Miss Wood is regarded as one of the best in this vicinity and for that reason will be given a chance to prove her calibre by helping to defend the Riders' banner against the Ducklings, probably opposing none other

than Hattie Michaels herself. This individual battle should prove worth the price of admission alone any those who have been informed of the match.

The box score of last night's game at B. W. S. follows:

St. Mary's	FG	FT	TP
Kennock, rt.	4	4	12
Cullum, lf.	1	1	3
J. Kelly, c.	1	0	0
D. Kelly, rf.	0	0	0

Score at end of first half, 15-15; fouls committed, Stone Ridge, 14; St. Mary's, 15; referee, Johnson.

## Rexalls Wind Up Season With Aces

The Rexalls will close their season at Firemen's Hall, Rosendale, Saturday night against the Port Ewen Aces over whom they hold a 35-33 verdict and if they make it two straight over the club from across the creek the victory will be the 22nd of the season for the drug-gists. Proceeds of the game, which should be a fast and thrilling one, will go to the Rexalls. Prior to the feature at 9 o'clock, the Rosendale Girls and Hercules will play at 8 o'clock. After the contests the Royal Club Orchestra of Kingston will furnish music for dancing.

## SPORT SLANTS

By ALAN J. GOULD  
(Associated Press Sports Editor.)

Among the signs of spring to some slants from the Man o' War of some hurdlers, Earl Thompson, the Navy's track and field coach who asks and answers the query: "Why is Jim Hausch a greater all-around track man than Jim Thorpe?"

"There is no way of proving it but I'll bet, if the Indian would have worked on them, that the Sac and Fox would have been just as good as Hausch in the field events. If as much were known about them as is known now, so, as he was better on the track than Hausch, that proves that Thorpe was a greater all-around track man than the present record holder—maybe."

"He that at it may we are now about to approach the 1933 outdoor season and I must get busy if we are to beat the Army May 27 and give North Carolina a trimming April 15."

## Twenty Years Apart

Appropos of what Thomson says about Hausch and Thorpe, we can give you no more striking idea of the prowess of these two remarkable all-around stars than the following comparison of their Olympic performances, 20 years apart, the one is Stockholm, the other in Los Angeles.

JIM THORPE  
1912  
100 meters—11.2..... 11.7  
400 meters—1:22..... 1:32  
1500 meters—4:10..... 5:17  
5000 meters—18:4..... 21:2  
10 M. hurdles—1:48..... 2:12  
Road jump—22 ft. 2 in. 22 ft. 9 in.  
High jump—5 ft. 10 in. 5 ft. 7 in.  
Pole vault—10 ft. 7 in. 12 ft. 2 in.  
Shotput—42 ft. 5 in. 50 ft. 3 in.  
Discus—121 ft. 2 in. 145 ft. 3 in.  
Javelin—149 ft. 11 in. 203 ft. 1 in.  
Thorpe's total points, based on world records prior to 1912, were 8,412.955. Bausch, based on a table including the 1912 world records, collected the world record total of 8,462.23 points.

## Thorpe Lacked Incentive

Thorpe could run faster and jump higher than Bausch but he had neither the coaching nor the inclination to do his absolute best in the field events. The Indian didn't fancy too much training and he didn't like to leave those new-fangled implements around anyway. Then, too, he was so far ahead of all rivals of his time in all-around competition that he didn't have the same incentive Bausch had at Los Angeles, where the second-place Finn, Aki Jarrinen, also broke the old world record.

On the other hand, I do not think Bausch has yet reached his peak in the decathlon. He will never be a Bill Carr on the cinder-path, but he can pick up enough additional speed to leave a point total they will be shooting at for years to come.

#### CLINTONDALE GRANGE MEETING HELD MONDAY

Clinton, March 22.—The regular meeting of Clinton Grange was held at the Grange Hall on Monday evening with Master F. Gaffney, Sr., presiding. During the lecture hour in charge of Mrs. Hilda Simpson, a community singing was led by Miss Evelyn Nance, manager of the Clinton County Bureau. Illustrated lectures were given by Albert Kurdt, manager of the Clinton County Farm Bureau, and William Clark, spray man of the Farm Bureau. The evening was greatly enjoyed, but due to the unsettled weather not many ventured out.

At the close of the meeting delicious refreshments were served by a committee consisting of Mrs. August Zimmerman, Miss Adelle Zimmerman, Alfred Zimmerman, Alfred Carter, George Carter, Mr. and Mrs. William Carter and Mr. and Mrs. Melford Hurd, after which dancing and music were enjoyed until a late hour. The next regular meeting of the Grange will be held on April 3 in the Grange Hall. At this time the meeting will be in charge of the worthy lecturer and the roll call will be made of "Pool things we do." At this time a hostess lunch will be served in charge of the Graces of the Grange, Miss Irene Siskler, Mrs. John Rhodes and Mrs. Amy Atkins. The regular meeting of the Clinton Grange was not held because of the absence of the matron, Mrs. Wager. On April 3 the regular meeting will be held.

#### KITE FLYING CONTEST AROUSES GREAT INTEREST

The kite flying contest planned by the scouts of the Kingston Area has aroused a lot of interest among the boys and the scout office has been besieged by boys anxious to get copies of the book on kite making and flying. It has been necessary to order additional books. It is now planned to hold the contest on the airport field on April 19 in the afternoon. Any scout in the county will be allowed to take part, whether he is a member of the Kingston Area or not.

BUSINESS GIRLS

ENJOY UNUSUAL SUPPER

The Business Girls' Club of the Y. W. C. A. enjoyed an unusual supper on Wednesday evening. Supper was served in the reading room, the girls being seated at small tables which had gay covers and lighted candles that were most attractive.

Following the supper, Mrs. Myron Teller gave an outline of several books which she had read this winter and considered worth the reading. She also told of the life of Pearl S. Buck who wrote "The Good Earth," and read the article by her which appeared in a recent issue of "Good Housekeeping."

Next Wednesday evening the girls will celebrate the Nation-wide banquet night and it will be bargain night when each girl is asked to bring one guest the price for both for the supper being thirty-six cents. An extra-special supper will be served.

She needs MORE IRON!

Doctors know that iron is the great strength and energy builder of the body. For when your blood is rich in iron your food is changed into rich strength giving blood that quickly builds up worn-out tissues, installs new energy and adds new health. But be sure the iron you take is easily assimilated—like the iron in Peptona.

Peptona begins at once to restore strength and vitality.
